

## ***Crew Locator List***

### ***INFORMATION REQUEST FORM***

As you know, whether you are a captain or crew, it can be complicated to match potential crew members to a race boat - or find crew for the Race Committee boat. Here is our new way to simplify this dilemma.

#### **THE BASICS OF THE SYC RACE CREW LOCATOR**

It is all quite simple - but, bear with us as we get this new process up and running. Here is how it works: Visit our website, and under the Yachting tab ([www.sycnc.org/yachting](http://www.sycnc.org/yachting)) you will find an orange button (on the right side) labeled "Crew Locator List". Click that button and you will see a simple list of people who want to crew, as well as boats that need crew - all on the same list. You do the rest by contacting whomever might be a good fit for your needs. It is a work in progress that will grow with time.

#### **HERE IS WHAT WE NEED FROM YOU**

The only way to make this successful is to collect some information from you. If you are interested, please send the following information to Chris Webster at [seawebster@gmail.com](mailto:seawebster@gmail.com) and we will add your name and information to the Crew Locator List and publish it on the website.
